PROFESSIONAL EXPERIENCE

Senior Insights Analyst, Global Agency & Partners

2020 – 2026

LinkedIn | New York, NY

- Analyzed large 1st-party datasets using advanced analytics tools (SQL, Python, Tableau) to deliver actionable measurement insights that drive data-backed investment decisions for strategic enterprise accounts.
- Synthesized campaign performance data into executive-ready strategic recommendations and decision-support materials for global stakeholders, connecting analytical findings to broader full-funnel business strategy and marketing ROI decisions.
- Architected and managed automated reporting systems including performance dashboards, executive summaries, and narrative generation pipelines that power recurring business reviews and stakeholder updates, improving accuracy, turnaround time, and operational consistency.
- Leveraged AI tools for content creation and knowledge management to scale analytics storytelling for internal teams and client stakeholders, maintaining editorial quality and analytical rigor while reducing manual effort.
- Led end-to-end project management for large-scale measurement initiatives in ambiguous, fast-changing environments, overseeing cross-functional alignment across analytics, product, marketing, and executive stakeholders.
- Managed scaled cross-functional projects through structured weekly and monthly business reviews, ensuring high-quality, executive-ready deliverables across multiple global time zones.

Senior Insights Strategist

2018 – 2020

Indeed.com | New York, NY

- Presented executive-level narratives and strategic recommendations to senior leadership, translating data-driven insights into decisions that contributed to revenue growth and improved operational efficiency.
- Served as a client-facing data consultant, educating agency partners on measurement best practices and data-backed marketing strategies.

- Conducted market research synthesis and competitive analysis to identify key growth opportunities and industry trends, informing strategic business planning across the agency business unit.
- Collaborated with cross-functional teams to gather and synthesize data, improving forecast accuracy and enabling more effective strategic recommendations.
- Utilized customer feedback loops and behavioral data analysis to surface product insights and improve offerings for external stakeholders.

Director of Marketing

2014 – 2018

Genesis Media | New York, NY

- Built and maintained an integrated marketing strategy for Genesis Media's full product suite, driving market share growth through targeted outreach and content marketing programs.
- Led a cross-functional marketing team to strengthen brand positioning and maximize campaign ROI across multiple channels.
- Leveraged 1st- and 3rd-party data to develop custom audience narratives and proposals for large enterprise accounts.
- Developed and optimized a content marketing program that significantly improved inbound lead generation and pipeline contribution.

Assistant Marketing Manager

2012 – 2014

Starlite Media | New York, NY

- Built and executed out-of-home (OOH) advertising campaigns for CPG and retail clients, managing the process from media planning through final placement.
- Served as primary client contact throughout the campaign lifecycle, translating brand objectives into actionable media plans and creative direction.
- Strategized site and placement selection based on audience demographics, foot traffic, and market data to maximize campaign reach and visibility.
- Designed campaign creative assets in partnership with internal design resources, ensuring alignment with client branding and messaging goals.

Marketing Manager

2011 – 2012

Media Recruiting Group | New York, NY

- Drove new business development through proactive prospecting and outreach, building a consistent pipeline of client and candidate relationships.
- Built and maintained detailed client and candidate profiles to support accurate matching and streamline the end-to-end recruiting workflow.
- Managed the company's website and online presence, overseeing content updates and site maintenance to support lead generation efforts.
- Executed SEO and SEM strategies alongside digital advertising campaigns to increase online visibility and grow inbound client and candidate volume.

EDUCATION

Manhattan College | New York, NY
